UPRIGHT GLASS DOOR WINE CHILLERS IN SKINPLATE WOOD COLOUR

Uniwine Line has been designed for storing wine bottles and is available in two different versions:

ONE TEMPERATURE: using a ventilated refrigeration system in order to guarantee a total uniformity of cold inside the tank. This cabinet is perfect for storing all bottles of the same type of wine in order to set the best internal temperature for that type of wine.

VARIOUS TEMPERATURES: using static refrigeration the drop in cold bring about 3 different levels of temperature inside the tank from +3°C up to +16°C. Perfect for storing all types of wine simultaneously in the same cabinet.

Black shelves can be used either in horizontal position or inclined and you can store the following quantity of 75 cl. bottles:

VPS 034W / VPV 034 W

Bottles in vertical position 100 bottles (using 4 shelves)
Bottles in horizontal position 96 bottles (using 6 shelves)
Bottles inclined 40 bottles (using 8 shelves)

VPS 053W / VPV 053 W

Bottles in vertical position 140 bottles (using 4 shelves)
Bottles in horizontal position 114 bottles (using 6 shelves)
Bottles inclined 48 bottles (using 8 shelves)

Electronic thermostat supplied as standard

Power supply 230V /50Hz/1 CE compliant

On demand you can have cabinets with special supply 115V/60Hz or 230V/60Hz CE compliant

Quick disassemble front grid for easy cleaning of condenser essential for a long life of the condensing unit.

Retractable motor unit for easy maintenance operations

Self-closing hinge 90° braked to make easier loading and unloading the cabinet

Single direction wheels to make easier moving the cabinet

ISO Climatic Class 4 – tested for a good efficiency in rooms with ambient temperature up to +32° C
